

## Internship Master Students 2019

So far, we have two companies which are willing to offer internship for 2 weeks per student. Each of you need to contact Chao Ting ([Ting.Chao@himolde.no](mailto:Ting.Chao@himolde.no)) and let her know which company you are interested in. When and if we get anymore, we will publish them asp.

If the interest is more than we have capacity for, we will draw lots.

### Company 1:

### SMØLA KLEKKERI OG SETTEFISK A/S

4 students (2 students per period):

Period: week 24, 25, 26, 27 og 28

Since this company is out in the islands, they will provide a room for you during the period. Travel expenses you need to pay yourself.

The location is one of the beautiful islands and is worth seeing and visiting. ‘

This company is unique since they have the whole SCM process and not only part of it.

You may find some information here: <https://www.facebook.com/smolasettefisk/>

## Company 2:

Oshaug metal

Oshaug metal have three companies: Oshaug metal, Corron and Effee

For more information: <http://www.oshaug.no/index.php/en/>

### **2 students**

**Period:** from August 12.

They have already proposes some thesis:

Corron:

- Marketing analysis
- Investment analysis
- Supplier and customer analysis

Effee:

- Make or buy analysis
- Analysis of the global market and entrance into the global market

These suggestions can and should be discussed with the company. The company is located in the center of Molde City.
